

European Parliament Ambassador School (EPAS)

Our school participates in the "European Parliament Ambassador School" (EPAS) programme 2024-2025. This program, which is organized simultaneously in all 27 Member States of the European Union, aims at increasing students' awareness of European parliamentary democracy and the role of the European Parliament. It also encourages students to actively participate in EU democratic processes. Students of A and B class take part in the programme and are encouraged through a variety of activities to involve the entire school community, aiming at raising awareness and promoting values such as human rights, democracy, equality and freedom. Upon the successful completion of the programme, our school will be certified as a European Parliament Ambassador School. In this case, some of the Junior Ambassadors will be given the opportunity to participate in a Euroscola session in Strasbourg.
