

visit to a local farm

Connection between Sustainability and the
Cypriot Culture

Introduction

A brief summary of what we did:

- Introduction and explanation of the farm
- Tour of the different stations (e.g., dairy station, bakery, greenhouse)
- Showcase of all the animals
- Samples of the various products they produce
- Interview with the owner

01

How did the farm start and what is your inspiration behind it?

- Started as a hobby by the couple
- After the Covid-19 pandemic, when they lost their jobs, they devoted exclusively on the farm!

02

How many animals do you have in the farm and how do you take advantage of them?

- 100-150 sheep and goats – providing milk for dairy products and meat for restaurant consumption
- 20 chickens, 4 turkeys – providing eggs and meat
- 10-15 geese – guarding the farm (instead of a dogs)
- Rabbits – raised for meat
- 3 donkeys – representing tradition, and
- 1 cat

How do you ensure the good conditions of the animals?

03

Focus on

- cleanliness and
- proper diet
- clean water, natural care, and hygiene

NO DISEASES!

Apart from production does the farm also work as an example to show Cyprus culture?

04

A great cultural attraction for overseas visitors (The Ministry of Tourism)

Visitors can:

- Enjoy local Cypriot food
- Learn how it is made
- Buy some on their way out

Do you combine modern agriculture techniques with the preservation of the traditional Cypriot techniques?

YES!

A combination of traditional and modern techniques ensures:

- Quality
- Production that saves time and effort

06

Do you use environmentally friendly food methods for the enrichment of your animals?

YES!

- Consistent access to food, like hay and straw
- Production of own MANURE
- NO CHEMICALS!

Does the farm get any coverage by the EU or the Cypriot Government since it's used for tourism?

Sadly NO!

Coverage is only given by the Ministry of Education for students visiting the farm (educational purposes)

An orange circle containing the white text '07'. The circle has a slightly irregular, hand-drawn appearance. The text '07' is in a simple, sans-serif font.

08

Would you suggest a teenager to get involved in this kind of business?

YES!

Go for a peace and a reliable job for the rest of your life!!!

09

What kind of knowledge qualifications does someone need to get involved in this type of business?

- Basic Animal Care Knowledge: Understanding how to care for goats, including feeding, health and breeding
- Practical Experiences: Hands-on experiences with goats is invaluable
- Agricultural Education (Optional): Courses in animal studies can be helpful but not always necessary
- Passion and Patience: Goat farming requires hard work and love for animals

10

Are you satisfied with your work on the farm and what would you suggest to make it even better?

“I really enjoy what I do on the farm; it’s rewarding to care for the animals and provide quality products. To improve, I’d focus on getting modern equipment for efficiency, offering workshops to share farming knowledge, and adopting more sustainable practice. Building stronger connections with the community would also help the farm grow.”

Thank you for your attention!
